Accurate, reliable, connected
blood pressure readings in the palm of your hand.

Welch Allyn Connex®
ProBP™ 3400
Digital Blood Pressure Device

Welch Allyn
Advancing Frontline Care™
The perfect blood pressure solution for just about anyone.

Take blood pressure accuracy to the next level. In fact, take it anywhere.

The Welch Allyn Connex® ProBP™ 3400 puts consistent, accurate blood pressure readings at everyone's fingertips.

- Small, handheld design makes device easy to carry and capture readings on rounds or in triage settings
- Hospital-grade SureBP™ technology enables fast, accurate 15-second blood pressure readings, improving patient comfort
- Obtains accurate readings and minimizes error codes, even in the presence of many cases of motion or weak pulse
- Bluetooth® wireless and USB-wired technology enables connectivity to select EMR/HIS systems, improving documentation accuracy and efficiency
- Compatible with blood pressure cuff sizes ranging from small child (12 cm) to thigh (55 cm)
- Lithium ion battery technology delivers 100 readings on a single charge with rapid recharge time
- Configurable to match your workflow and specific patient needs. Upgradable so that your initial investment is protected as your needs change
- Mercury and latex free to ensure clinician and patient safety

Proven Accuracy and Reliability

Using the same ground-breaking SureBP™ technology found in the Welch Allyn Spot Vital Signs® LXi, the ProBP™ 3400 can capture blood pressure readings in just 15 seconds—nearly twice as fast as other electronic blood pressure devices.

- Meets AAMI standard for blood pressure accuracy
- Achieved “AA” rating by British Hypertension Society data analysis

"...SureBP technology) offers great advantages in speed and patient comfort...clinicians can have added confidence in this new technology."

-Dr. Bruce S. Alpert

Small enough to fit in your hand, with the same accuracy as Welch Allyn industry-leading vital signs devices, the ProBP™ 3400 is a smart choice for clinicians in just about every clinical setting.

- With AAMI/BHS-AA-certified accuracy, SureBP™ blood pressure technology that captures readings in just 15 seconds, and the ability to work with a broad range of cuff sizes, the ProBP™ 3400 is a reliable alternative to manual sphygmomanometers, mercury columns, and home-grade digital blood pressure devices.

- Small enough to carry in your hand or pocket, use the ProBP 3400 is a convenient alternative to manual sphygmomanometers or bulky vital signs devices for capturing reliable blood pressure readings during rounds or in triage settings.

- Because it uses the same technology as the Spot Vital Signs® LXi, you can be confident that the ProBP 3400 will stand the test of time, especially compared with many lower-cost devices. With remote diagnostics, calibration, and upgrades available using Welch Allyn Partners in Care™ services, you can have confidence your ProBP 3400 will be in service longer.

Connect to your Electronic Health Record

With both Bluetooth® wireless technology (optional) and hardwired USB connections, the Connex® ProBP™ 3400 connects to select EMR/HIS systems, reducing documentation errors and improving efficiency.

The correct cuff means the correct reading

Unlike many digital blood pressure devices that work with only a limited cuff range, the Connex ProBP 3400 works with a very broad range of cuff sizes, minimizing the potential for inaccurate readings on patients large and small. Plus you have all the advantages of unique Welch Allyn FlexiPort® cuffs that enable quick, snap-fit connections, disposable cuffs to reduce cross-contamination risk, and potential facility-standardization benefits (www.welchallyn.com/flexiport).
